Feline Preanesthetic Check List

We would like to thank you for trusting us to perform this surgery. Please take a few minutes to fill out this form to help us serve you and your cat better.

Client Name: _____ Cat Name: _____

Please list the procedures requested: _____

To be admitted for surgery your cat must be current on vaccinations that Dr. Lafferty feels is appropriate for your cat's life style. Please list the dates the vaccines were given or ask the technician to fill in the dates if the vaccines were given at Lafferty Animal Clinic.

Rabies: _____ Distemper: _____

Is your cat in heat or pregnant? _____

Please list any medications your cat is taking: _____

Please list any medications that your cat is allergic to: _____

When did your cat eat last? _____

Please list any other health problems we should know about: _____

If your cat is over 7 years of age, talk to the technician about running some blood tests prior to surgery.

Pre-Surgical Panel (cost \$61)_____ Complete Profile (cost \$103.50)_____

Would you like your cat's nails trimmed while it is anesthetized? (Cost \$17.50)_____

Would you like your cat's anal sacs expressed while it is anesthetized? (Cost \$22.50)_____

Identification microchip can be implanted during surgery. It is a great way to identify your cat if it is lost or stolen. Would you like a chip implanted today? (Cost \$56)_____

We often recommend some pain medication be given post-operatively if needed. Would you like Dr. Lafferty to prescribe some post-op pain medication if deemed necessary?_____

Do you understand that your cat may have a leg shaved for the placement of an intravenous catheter to provide fluid therapy during anesthesia?_____
